Study
Office Corner

This image is a collage of various interior design items, likely for a study or office corner. The items are arranged on a white background. At the top left, there is a small framed picture of a blue and white architectural detail. Below it is a larger framed abstract painting with blue and white wavy lines. To the right of these is a dark, textured abstract painting. Further right is a round, dark brown clock. Below the clock is a long, low shelf holding two small woven baskets, two books, and a wire mesh basket. In the center, there is a large, rectangular rug with a brown and beige checkered pattern and fringed edges. To the left of the rug is a small, square, blue side table with a brass lamp. To the right of the rug is a black desk with a black chair and a brass lamp. In the bottom left corner, there are two stacked boxes, one grey and one dark green, both with small brass handles. In the bottom right corner, there is a tall, narrow bookshelf with a green and white geometric pattern, holding several books. In front of the bookshelf are two spools of colorful thread, one green and one blue, on a dark, reflective surface.
